# WELCOME MESSAGE

Dear Colleagues,

Welcome to Abu Dhabi for the **4th edition** of the **Interdisciplinary Urology Care Consortium (IUCC)** where we will be exploring various fields of Urology through the theme of '**Transcending Therapies, Driving Technologies**'.

Over the course of two days, **May 25th & 26th**, we will gather world-class experts from various disciplines within Urology like Uro-Andrology, Uro-Radiology, Uro-Gynaecology, Uro-Technology, Uro-Oncology, Male Infertility, Sexual Dysfunction, and Family Medicine. Through insightful presentations, dynamic panel discussions, and engaging interactive sessions, we will explore the latest advancements, trends, and practical implications in these fields, aiming to enhance patient care.

Our goal is to create a collaborative environment where clinicians, researchers, and industry professionals can exchange ideas and knowledge. By driving the development and implementation of innovative therapies and technologies, we strive to provide the best possible care and outcomes for our patients.

Once again, welcome to IUCC 2024. We hope you enjoy your time here, leaving with new insights, valuable connections, and a renewed commitment to advancing the field of Urology.

Sincerely,

IUCC 2024 Committee

# MEET OUR COMMITTEE

**Abdulqadir Alzarooni**  
IUCC Co-Chair  
President  
Emirates Urology Society  
UAE

**Yasser Farahat**
